## Practice Overview

- Described as: "an extremely bright and effective advocate, and a real hit with clients"; "very intellectual, she gets to the heart of a dispute quickly and is very engaging"; and "unflappable" barrister "who understands the issues straightaway".
- Specialises in high-value construction, engineering, technology, infrastructure, nuclear/energy along with professional negligence and insurance claims related to these sectors. She also acts in public procurement disputes.
- Has a real passion for oral advocacy at trials and evidentiary hearings, which is reflected in the client comments published in the legal directories (see the Recommendations section below). Her clients are domestic and international, and she has a wealth of experience in the English Courts and also representing parties under various international arbitral rules, including: ICC, LCIA, DIFC-LCIA, UNCITRAL and DIAC.
- Shortlisted for Construction Junior of the Year at the Chambers UK Bar Awards 2025. Recommended in leading UK and Global directories, including for her work in construction, international arbitration, professional negligence and procurement. Reflective of her practice, nominated as "Junior of the Year" at the 2023 Legal 500 UK Awards and International Arbitration

Junior of the Year in 2019. Also, recognised as a Future Leader in the WWL Global Guide and appears in the Lexology Index Thought Leaders: Global Elite 2024.

- Advises clients on all forms of commercial dispute resolution and has represented clients in mediations (including under the Court Scheme), adjudications and disputes under the Railway Industry Dispute Rules. She has been appointed as the legal nominee on a Dispute Advisory Board and is also a TECBAR Adjudicator. Also represented a Corporate Core Participant as part of the Grenfell Inquiry.
- Contributes to various construction legal texts, including: two chapters of Keating on Construction Contracts.

## Practice Areas
