Practice Overview

Alexander Nissen was called to the Bar in 1985, became a Queen's Counsel in 2006 and was appointed Head of Chambers in 2020. He specialises in advocacy and advisory work, adjudication, arbitration, litigation and the mediation of construction, engineering, energy and professional negligence disputes.

Alexander's practice covers a wide variety of cases ranging from client/developer claims, PFI disputes, and adjudication enforcement to professional negligence cases (architects, surveyors, valuers, solicitors and civil, structural and geotechnical engineers). He deals with both contractors' and sub-contractors' claims and defects disputes. His work also covers rail projects, disputes relating to bonds (both domestic and international), power stations, waste recycling facilities and oil and gas projects. He is familiar with all the standard forms of contract including JCT, NEC, I Chem E and FIDIC. Following his successful involvement in the two Grove Development cases, Alexander has acquired a formidable reputation in the field of payment disputes under the HGCRA.

Alexander is a Chartered Arbitrator, an accredited adjudicator and mediator. His arbitration work covers both domestic and international disputes. He has been appointed both through party selection and by the ICC. He was appointed as a Recorder in 2007 and as a Deputy High Court Judge in 2013. Since 2015 he has been sitting in the TCC.

Recent Cases

Construction & Engineering

- Acted in litigation relating to a defective car park for a prestigious shopping centre with substantial consequential loss claims.
- Acted in litigation relating to a defective gasholder at Port Talbot steelworks (remedial costs £16m).
- Acted in multi-party litigation relating to the defective design and construction of a warehouse extension with substantial consequential loss claims.
- Acted in litigation (including Court of Appeal) concerning a £14m dispute over the validity of a payment notice and the right to adjudicate over its true value: (Grove Developments Ltd v S&T(UK) Ltd, CA).
- Acted in litigation (including Court of Appeal) concerning the validity of a £3m payment notice on a power plant project: (C Spencer Ltd v MW High Tech Ltd).
